**Soma kifungu kifuatacho kisha ujibu maswali kuanzia 31 - 40.**

Ama kwa hakika wahenga hawakukosea walipoamba kuwa kumchä Mungu si kilemba cheupe. Methali hii inasisitiza kuwa kutii na kutenda wema sio lazima uonekane na ujulikane na kila mtu kuwa u mzuri ilhali katika undani wako ni mbwamwitu na hivyo basi ukawa umevalia ngozi ya kondoo. Nilielewa ukweli wa methali hii kwa njia mbaya.

Siku zilizidi kuyoyoma na maisha yakaendelea vyema, nilikuwa napendwa sana na wazazi wangu. Kila nilichotaka walikuwa tayari kufanya juu chini ili nisikose, sikujua kumbe nilikuwa na starehe za mbwa kukalia mkia wake. Starehe zangu zilikuwa za muda mfupi sana kwani, yatendekayo gizani hubainika bayana kwenye mwangaza.

Kumbe chochote king'aacho si dhahabu u umdhaniye ndiye siye. Ndugu yangu alioneckana mtoro na mtundu sana lakini kama nilivyoelewa ni kuwa aliishi maisha yaliyostahili. Mimi niliyatenda mambo yasiyofaa na kuyafunika ili yasijulikane. Nilioneckana kama mtu ambaye ni mcha Mungu sana hivyo basi kuzighilibu roho za watu walionipenda katika kiombo cha panda shuka. Naangamia ilhali dadangu yu mzima kama kigongo. Siku moja nilimdanganya mara yangu kuwa tuna mukutano wa vijana mjini.

Bila ili wala lile, mama akanipa kibali bila kizuizi chochote maadamu alikuwa amenipenda kwa dhati. Alinitayarisha vyema na kunipa pesa za matumizi na baadaye akamwuliza rafiki yake mmoja aliyeishi mjini anandalie makazi kwani hakutaka niwe nikilala kwenye msongamano. Maskini mama hakutambua kuwa nilikuwa naenda kujitafutia kifo.

Siku hiyo nilirauka asubuhi na mapema ili nijitayarische kwenda. Nilikumbatiwa na mama akanipiga pambaja nilipokuwa nikiondoka na wote ndugu zangu wakanitakia heri njema. Nilimkuta msena wangu Bahati ameshifika katika mahali tulipokuwa tumefikiana. Tulisafiri kwa matwana moja ambayo ilikuwa na muziki ulioziongoa ongoa roho zetu kwa midundo ya juu karibu izibue viwambo vya masikio yetu. Tulipofika, tuliwapata marafiki zetu tulikuwa na uhusiano nao wanatungoja. Ama kweli hatukuwa tunaenda kwenye mkutano wowote ule wa vijana bali tulikuwa tumealikwa na masahibu hawa wetu tuwatemebelee na kisha watutembeze mjini ili nasi tuujue. Tulipanda gari jingine na kuelekea mtaa mmoja nisiokumbuka jinsi walivyouita.

Baada ya gari hilo kuanza mwendo, nilishangaa kuona askari ambao walilisimamisha na kumwuliza dereva awashushe vijana wawili wezi ambao walikuwa kwenye gari. Ole wangu! Ilikuwa wale wapenzi wetu! Nilimwambia Bahati tunyamaze kimya kwani endapo tungeongea nasi tungetiwa mbaroni. Kunyamaza kwetu kulitutia mashakani kwani hatukujua tulikokuwa tunaeleke. Aidha hatukuwa na hela za kurudi nyumbani sote wawili. Mzee mmoja aliyejewa ametuona alituarifu kuwa angetusaidia na malazi usiku huo kisha atupe nauli ya kurudi nyumbani siku iliyofuata. Tulikubali.

Usiku huo, mambo yalienda mvange, yaliyotendeka, ni methali kutaja hapa! Tuliambukizwa maradhi ya UKIMWI! Najuta vile nilijivika kilemba cha ukoka na hatimaye nikajipata katika janga hili lisilokuwa na tiba. Kweli majuto mjukuu, huja baadaye.

### Soma kifungu kifuatacho kisha ujibu maswali 41 - 50.

Wakulima wawili walikuwa na mashamba ambapo walipakana. Si mashamba makubwa. Ni ekari moja moja tu. Mashamba yote mawili yapo kando kando ya njia kuu itokayo mjini. Shamba moja limelimwa vizuri sana.

Mahindi yamenawiri na kuvutia ajabu. Kila mpitajia hubung'aa pale na kuyakodolea macho. Hili, ni shamba la Bw. Mapato. Mapato hurauka asubuhi na mapema kushughulikia shamba lake. Bidii zake hizi alianza mapema tangu akilima. Alilima mapema, akapanda mapema na kupalilia mapema.

Wakati mvua ilipopungua, alitumia ndoo kuteka maji kutoka kwenye mto uliokuwa si karibu sana na shambani pake, akayanyunyizia mazao yake. Kweli juhudni ni pato.

Shamba la pili la Bwana Mzembe. Huyu ni rafiki shakiki wa usingizi na pombe. Kila hali shambani pake ni kinyume na shambani pa Bwana mapato. Mihindi imesinyaa. Mahindi machache na hafifu, kisha yanaliwa na ndege kila kitu si lolote si chochote pale shambani.

Mara akapita mhubiri mmoja. akaayaangalia mashamba yote mawili kwa zaidi ya dakika arubaini huku akiongea peke yake. Kumbe muda wote huo, Mapato ameketi katikati ya shamba lake kimya akimchuja mhubiri. Ilibidi asimamie aulize kuna nini?" Alijibiwa kwa furaha na bashasha "Lo"! Mungu anakupenda, Mungu anakujua. Angalia alivyoifanya shamba lako lipendeze na kustawi . Hizi ni baraka za Mungu na ishara za jinzi, anavyokupenda!"

Mapato alicheka kidogo akasema, "ndugu mhubiri wacha uongo, wacha kupotosha watu. Mungu anampenda kila mtu. Mungu hutupangii kazi. sisi ndisi twamfanyia kazi. Ukippenda na kuipenda kazi yako Mungu ataibariki. Mtenda kazi ni wewe si Mungu. Ukilala na kufanya kazi kivolaya Mungu atabariki nini? Waambieni watu ukweli."
