## **A GUIDE OF 'THE SAMARITAN'**

**AUTHOR:** *John Lara*

**ANALYST:** *Mwalimu Consultancy Ltd*

### **Introduction**

- ❖ ***'The Samaritan'*** tells the story of two students in maracas who develop a mobile app called the Samaritan-an online platform for whistleblowing as well as sharing ideas and information enhancing public welfare. Soon, the App is flooded with damning information about the unparalleled corruption, malfeasance, and political capture perpetrated by Maracas political leader.
- ❖ The story is set in Maracas Municipality in a fictional state. During Sagrada Secondary School's end of the year closing ceremony, Mossi the mayor is invited to launch 'The Samaritan', a computer programme in the form of application which is an invention of students Alvita and Montano under the mentorship of Nicole, the Ethics and Innovation teacher.
- ❖ The app works by people sharing information in the form of pictures, videos and texts depicting corruption within the municipality but the mayor surprisingly denies it on counts of possible misinformation, lie and witch hunt. He asks Nicole to stop it but seems like it is too late because it now is in the hands of National Information and Communications Technology Corporation.

- ❖ Mayor Mossi convenes an impromptu meeting a few weeks later in order to deliberate on their fate as the app has taken a turn for the worse and stories of rot in the municipality is dominating headlines in the daily newspapers. The meeting comprises of Bembe the IG of police, Harvester the municipality CEO, Ted the Secretary Department of Health, Ramdaye the deputy mayor and Jaden the judge.
- ❖ They plan on stopping the operations of the Samaritan app by mobilizing money to fight the graft cases on them, restitution(confessing and return embezzled public cash and property) and re allocating the Municipal Fund budget which Mossi vehemently refuses as it would all be traced back to him in the long run, to the dismay of Ted and Seymour whom financed his political bid and he in turn had advocated for their election to the council.
- ❖ Mwalimu Consultancy Ltd analyses that the meeting between Bembe, Mossi and Harvester sheds light on their corrupt dealings. Bembe is accused of drug peddling, violation of human rights, extortion of motorists by his gang of Ghattoboyz and encroachment of public land by buying and building Madingo Golf Club in Maracas University land. Mossi is accused of Municipal capture while Harvester is accused of abuse of office by writing and posting a letter to the National government to suppress the usage of The Samaritan and related apps within the municipality.
- ❖ They claim that Basdeo the opposition leader is the one behind the leaked documents on the Samaritan app. They resolve to hold press conferences daily to show that the municipal is committed and is working and also plan to thwart the meeting planned by Ted, Seymour and his deputy with the

councillors to spearhead a vote of no confidence in him. They plan this by organizing goons and police plus youth to co ordinate burning of tires, mattresses, sacks and polythene papers next to the municipal offices.

- ❖ Alvita and Montano are worried on the implications of the Samaritan on Nicole especially after closing day threat by Mossi but she assures them that all will be well so they had to remain strong and hopeful that the app uncovers the rot in the municipality.
- ❖ The biblical allusion of the parable of the good samaritan who saved an injured man who had been attacked by robbers but ignored by the levite and high priest due to religious differences. The two symbolize the leaders who cannot work for the people who elected them but instead focus on their personal agenda leaving the people to fend for themselves.
- ❖ Mayor then convenes a meeting with Nicole and sheds light to rot in the municipality. He is so ignorant that fails to get access to the copy of the letter sent to him by her on the reply concerning the app he asked her to pull down. He thinks Basdeo can use the app to frame him so he spills the beans on his cartel. Ramdaye is responsible for the poorly done roads while Ted conspired with family to get hospital construction tenders but built nothing concrete.
- ❖ Mayor is surprised that people actually voted for them and accuses the latter, a former DJ for noise pollution and improper grooming appealing to the youth who overwhelmingly voted him. Seymour has to be bribed for someone to get a building plan approval from his office. He also is a drug

trafficker and the eldest son is in rehab while the wife is a perpetual drinker and he also has a Black Swan Gang responsible for disappearance of people.

- ❖ Jaden the judge hawks justice like cabbage. He accuse Nicole of playing politics and asks her to pull the app down and shifts blame on people for bad governance by electing bad leaders after admitting having a hand in the corruption too.
- ❖ Ted, Seymour and Ramdaye recruit Basdeo and promise to make him deputy mayor in case they oust Mossi and Seymour becomes mayor. They plan to throw dirt on his name by claiming that he oversees allocation of municipal fund on ward development favouring his ethnic background. They plan to hold a rally to sell their stupid ideas.
- ❖ Mwalimu Consultancy Ltd analyses that while in class, Nicole is approached by Narine and Bembe who claims that he wants to check her office. He arrests her for not pulling down the app and for being too stubborn as a mule and being strong witted. He also frames her for the stolen school generator which he had sent his goons to steal but to no avail. She is released later by Jaden who found her innocent and after a massive backlash by the people in crowds at the court on hearing day.
- ❖ Bembe and Mossi meet and plan to stop rally at all costs by contracting both GhettoBoyz and Red Eagle gangs to cause rampage. Jaden's corruption is brought to light as he, through his mistress Ivy, got a pesticide contract from the municipal in order to kill rats in maize stores but shockingly, the rats

originate from her Prime Orchard Farm that Jaden had shares on. He is now forced to help them prosecute speedily Basdeo and Randaye for the grain scandal he is also in and Seymour and Ted for supplying air to the municipal.

- ❖ Jaden meets Haarvester and both agree to convene a consensual meeting for the warring parties to call a truce since he is also caught up in the middle of their dirt.
- ❖ During the meeting, they seem to come to an agreement for Jaden to file cases and make them disappear by adjourning them to pre-empt any legal moves against them and to also offer Nicole a contractual job in the municipal as a consultant with oversight powers on all the departments in the municipal and report only to Mossi but she refuses. All of them are finally apprehended by Inspector Taajo from National Anti Corruption Investigations Bureau.
